Blythe Spirit

Sweet charity and a supercute toy

Friday, April 21, 2006

WHAT: Blythe's charity fashion dolls

WHY: If you're searching for a reason to splurge on a new toy, look no further than Blythe. The cult Japanese baby doll brand has enlisted a slew of fash-insiders to redesign their bug-eyed persona, with the results to be auctioned for charity. Participating in the great Blythe makeover are Charlotte Ronson, Form, Jennifer Nicholson, Petro Zillia, Animal Collective, Kelly Osbourne, *Nylon* magazine, and a string of other babes in toyland.

PRICE: You'll find out this summer, when they hit the auction block in Japan—don't forget your dollars-to-yen conversion!

AVAILABLE: www.blythedoll.com
